### Objectives:

Collaborating with Nursing Homes:

1. Describe the benefits of working with your local nursing homes to decrease unplanned transfers
2. Collect and report data between the hospital and nursing home
3. Apply root cause analysis and evidence-based QI principles to decrease unplanned transfers

MBQIP and Phase 3 Measures Updates:

1. Describe the MBQIP Quality Domains
2. Describe the new reporting of MBQIP Phase 3 measures

Stakeholder Reports:

1. Discuss current activities of each organization with appropriate staff

Meaningful Use – Then, Now and Beyond:

1. Describe the proposed 2015 Meaningful Use Rule Modification
2. Discuss the Meaningful Use program going forward

Using Clinical Quality Measures:

1. Describe how to read E-CQM
2. Develop a work flow around E-CQM

This workshop is made possible by the Iowa Department of Public Health, Office of Rural Health FLEX Program, through a grant from the Federal Office of Rural Health Policy Health Resources and Services Administration, Public Health Services, U.S. Department of Health and Human Services.
